## NEWS OF THE DAY.

"To show the very age and body of the times."

Private advices from Bogota, dated June 18, one day later than those brought by regular mail, state that the Darien Canal treaty passed the House and would be returned to the Senate for concurrence. It was generally believed that in its present amended condition it would be unacceptable to the U. S. Government.

A bishop of the National Church of Russia has been commissioned to establish an episcopal seat in San Francisco, and is expected in a few days. His official title will be "John, most Holy Bishop of America and the Aleutian Islands."

Some of the Chinese of California have made their first appearance in a new branch of business. Two were arrested in San Francisco yesterday for counterfeiting bank notes, the work being done so well that it could scarcely be told from the original.

An attempt was yesterday made to unload at New York a cargo of coffee from the English steamer *Saladin*, in violation of the quarantine laws. The officers of the steamer were arrested, and gave bail to appear on the charges.

William Weaver, a colored man of Baltimore, who was a short time since ejected from one of the City Passenger Railway cars, has instituted suit in the U. S. Court against the Company for damages.

Captain T. H. Patterson, of the Navy, takes command of the Washington Navy Yard until a successor to Admiral Dahlgren is appointed. It is thought Rear Admiral Smith will be selected to fill the vacancy.

Riel the leader of the Red River insurgents, is kept a prisoner by his own partisans, and there is no prospect that any resistance will be made to the Canadian expedition.

The Solicitor General, an officer created by the law establishing the Department of Justice, is to be selected from the West, and the appointment is expected to be made this week.

A despatch from Washington announces that Mr. D. S. Norton, U. S. Senator from Minnesota, was failing, and could scarcely live.

Philadelphia had another firemen's riot on Tuesday evening between the adherents of rival companies of their volunteer fire department.

Ex Senator Frelinghuysen, of New Jersey, is now mentioned as the probable successor of Minister Motley in England.

Hugh L. Bond was yesterday confirmed by the U. S. Senate as Circuit Judge of the Fourth Circuit in which is Virginia.

M. Anatole Provost Paradol, the newly appointed French Minister to the U. S. arrived at New York yesterday.

Yesterday the steamer *Baltimore* left for Bremen with one hundred and twenty-two passengers and a valuable cargo.

A large number of nominations were yesterday sent to the Senate by the President.

Secretary Boutwell has accepted bids for \$1,000,000 gold at \$112.20.

## Foreign News.

The dispatches of yesterday confirm the report that Prince Leopold has been withdrawn as a candidate for the Spanish throne by his father, Prince Charles, of Hohenzollern. The French Ministerial organ professes that the Government is satisfied with this action, and assumes that peace is assured. The situation, however, still remains dangerous, and the German journals report that the preparations for war are still continued in France, and assert that the Emperor means to force a conflict.

At Madrid warlike preparations have been commenced and the first corps of reserves called out. The Vienna journals sympathize with France and denounce Prussia, at the same time calling on England to prevent hostilities. Belgium is also preparing for hostilities. The Paris prints of last evening "report" that the Ministry has resigned. An exciting scene took place in the Corps Legislatif yesterday, the Government refusing to answer an interpellation on the war subject. There was a better tone in the markets, and some of the Paris dispatches say that peace is secured.

A dispatch from Rome dated July 13, says: "The French Council to-day the dogma of the Emancipation was adopted by a vote of 450 to 88."

Another disastrous fire occurred at Constantinople on Monday last. The flames raged nine hours, in which time over 1,500 houses, mainly of the poorer class, were destroyed.

The ceremony of opening the Thames embankment took place yesterday. A procession was formed, which was headed by the Metropolitan Board of Works, and included the Prince of Wales and Princess Louise in the royal coach, the dignitaries of the Court in full costume, guards, the municipal bodies, civic societies, and many bands of music. The Queen, on account of sickness, was unable to be present.

Late rains have benefitted the crops in England.

## VIRGINIA NEWS.

The Richmond correspondent of the *Baltimore Sun* says, speaking of the closing hours of the Virginia Legislature:—"A resolution offered some days ago in the House of Delegates was called up yesterday, creating mingled wrath and amusement among members. It was to provide a committee to sit during the recess to investigate charges of fraud and corruption affecting delegates, but chiefly in the matter of the Richmond and Potomac Railroad, as serious allegations had been made against the legislation as to that road, before Judge Underwood, in Alexandria, in a suit pending in his court brought by John B. Stewart, of Washington, against Wilson and others. Insinuations were bandied freely against both Southside, Baltimore and Pennsylvania influences, but, after much wrangling, and in the midst of much confusion, the resolution was tabled."

The Fredericksburg and Gordonsville Railroad, its friends say, will be completed to the latter point before January 1, 1871. This road will no doubt add greatly to the prosperity of Orange, Spotsylvania and the old city of Fredericksburg.

The boiler of the Bark Mill of the Lynchburg manufacturing company, exploded on Tuesday last, and severely injured five persons, two of whom it is feared may not recover.

Numbers of colored persons are now finding employment on the line of the C. & O. R. R.

THE RIOT IN NEW YORK.—The telegraph announced yesterday the occurrence on Tuesday of a sanguinary riot at Elm Park, on the suburbs of New York, between a large body of Irish laborers, known as Ribbonmen, estimated at about three hundred, and the members of the various Orange lodgers in New York. Some forty or fifty persons were known to have been wounded, but different accounts put the number all the way up to one hundred. Eight were killed outright and some others were reported mortally wounded. A despatch dated yesterday evening says:—"It is said at least two hundred persons were badly injured; five now in Bellevue Hospital will certainly die. It is said the police were at fault, knowing the riot was in contemplation." It was a most bloody affair.

Two of the Fenian leaders in the late Fenian expedition against Canada have been tried in the U. S. Court in Western New York, and found guilty—but recommended to mercy.

## The Educational Society of Va.

[Correspondence of the *Alexandria Gazette*.] The Educational Society of Va., commenced their fifth annual session, on Tuesday, in Warrenton, at the Baptist Church. The meeting was called to order by the President, Jno. B. Minor, of the University of Va., and the proceedings were commenced by a prayer by the Rev. J. W. Jones, of Lexington, Va., in which he thanked the Almighty that so many men engaged in such meritorious work were allowed to be united and supplicated Him to direct the business of this annual meeting, so that all its deliberations may redound to His honor and glory. New members were then nominated and balloted for, resulting in the election of 23 members.

The President read his annual report which was approved, and that portion of it relating to the Educational Journal was referred to a committee of five. The reports of the Treasurer and Corresponding Secretaries were then read—in the latter was included a letter from Gen. Lee, expressing his regret at not being able to attend the meeting.

Quite a lively little debate arose with regard to the election of officers. President Minor having vacated the chair installed therein Judge Legare, of Alexandria, he being the only Vice President present.

Upon the motion being put to go into the election of officers, Prof. Holmes, of the University of Va., moved to abandon the old method of nominating a committee for nominations and that said nominations be made by any member on the floor, and that such nominations lie over until the day following, and then be voted upon.

Col. Lee Powell, of Richmond, was opposed to any such measure, and strongly advocated the continuance of the old system, but after a debate of about half an hour, in which the Rev. Mr. Aivrett, Dr. Horner and Mr. Blackford joined, Mr. Holmes's motion was carried and the chair proceeded at once to receive nominations.

After nominations resolutions of a general character were entertained, the principal one of which was one offered by Prof. Venable, of the University, to the effect that the constitution be so altered as to allow the admittance of ladies to the society.

This was, however, lost, and pending a discussion, the exact definition of the word citizens (whether women be citizens) the society adjourned to meet next morning at 9 o'clock.

SECOND DAY.—Morning Session.—The meeting was called to order by the President. Rev. Mr. Aivrett commenced the proceedings with a devout prayer for the direction of the Council in their choice of officers and in all their undertakings.

At the close of the prayer Col. D. Lee Powell, of Richmond, recommended that the clergy of Warrenton be invited to attend and take part in the proceedings of the Convention, which recommendation was unanimously adopted.

The election of members being next in order, five were proposed and elected.

It having been decided that nominations for officers had been closed last evening, the election was at once proceeded with, resulting as follows:

For President, Gen. F. H. Smith, Virginia Military Institute.

For 1st Vice President, Col. D. Lee Powell, Southern Female Institute, Richmond.

For 2d Vice President, Rev. Mr. Aivrett, of Winchester.

For 3d Vice President, Mr. Pike Powers.

For 4th Vice President, Col. H. P. Jones.

For Corresponding Secretary, Mr. L. M. Blackford, of Nelson county.

For Recording Secretary and Treasurer, Mr. J. M. Strother, of Richmond.

For Auditor, Mr. C. H. Winston, of Richmond.

Com. Maury, Professor of Virginia Military Institute, had been nominated for President but begged several times that his name should be dropped, but on the refusal of the Convention to accede, he stated that if elected he would resign. The first ballot gave him 25 votes, to Gen. Smith's 19, when he was declared elected, but immediately resigned, and Gen. Smith was chosen by acclamation.

Gen. Smith being absent, Col. Powell, 1st Vice President, took the chair and declared the Convention ready to proceed to business. By a combined resolution of Judge Legare and Mr. Tucker, a vote of thanks was tendered to President Minor and the other retiring officers. The committees were then called and 7 out of 13 declared themselves ready to report.

The Committee on the Study of English, and the modes of its study in Primary, Academic and Collegiate Institutions—consisting of Messrs. Geo. F. Holmes, University of Virginia; L. M. Blackford, Norwood school, Nelson county; and W. O. English, Ivy Depot, Albemarle county, presented one of the most interesting and beautiful reports I have ever listened to. The report which was read by Mr. Blackford, though of an hour and 20 minutes' duration, was listened to with the most absorbing attention. At the close of the report Mr. Pope was declared in order as an advocate for "the study of English as a specialty." He read a very abstruse essay on English verbs.

Would that your correspondent could give you even a synopsis of the discussion of the report, but weakness prevents, and he can only give you the names of those who entered into it, and from those names may be judged what interest could be attached to the discussion.—They were Professors Holcombe, Holmes, Smith, Powell, Tucker and Joyner. As for himself, the correspondent must say that it was with the utmost sorrow that he has been forced to quit their midst, with the promise, however, that hands more able than his will furnish the *Gazette* with reports of the proceedings of the Convention.

Before I close this report, however, I feel bound in duty bound, both as a member of the Convention, on the part of the conventionists, (they request it) and as a reporter, to return thanks for the hospitality which has been extended to us as a body of teachers, by the citizens of Warrenton, and to myself as reporter by Mr. Ashby of the Warrenton House for his special care of me as representative of your paper and a teacher, particularly during the sickness which I had whilst his guest.

LOUDOUN COUNTY.—At the July term of the County Court, Judge Ball presiding, there was but little business. M. Harrison and Dr. M. Graham Elzey, qualified as the executors of Wm. W. Elzey, dec'd., of Fairfax county, and gave bonds in the sum of \$48,000.

A Special Term of the Circuit Court, Judge Keith presiding, will be held in Leesburg on Monday next, July 18th. Among the important business to be heard is the trial of the *Johna Ross* case.

Mr. Jonah Potts, of this county, was on Thursday last the victim of a very severe and almost fatal accident. He was in his harvest field engaged in driving the reaper, and the horses became frightened and ran off, throwing Mr. P. from his seat. He fell in front of the machine, which passed over him, the knife clipping off several small pieces of the scalp and skull, the wheels breaking three or four of his ribs and inflicting other severe injuries. He is now, we are glad to learn, gradually improving, but that he should have been saved from instant death is almost miraculous.

We understand that it has been determined to hold a camp-meeting on Hillsborough Circuit, commencing on the 17th of August. The ground selected for the purpose is in the woods of Mr. David Carr, about one mile this side of Hamilton, and within a mile of the A. & L. and H. railroad.—*London Mirror*.

The Indian office yesterday received a telegram reporting that the chiefs who lately visited Washington are exercising a good influence.

LETTER FROM GEN. LEE.—We find the following in the *Columbus (Ga.) Enquirer*:

Some weeks since, Harper's Weekly having published a false and malicious charge against Virginia's noble son—that he remained in Gen. Scott's service as a member of his staff until the last moment before joining the "lost cause," in order to obtain full knowledge of that officer's plans of future operations—Major Sidney Herbert, editor of the *Troy Messenger and Advertiser*, felt called upon, in view of his official knowledge of the facts of the case, he being at the commencement of the war a staff officer at Washington, to refute the charge and defend the honor of General Lee. That he was right in his statements, and that his good intentions have been fully appreciated by Gen. Lee, is clearly shown by the following very modest letter which Major Herbert has just received from the gallant old hero, and which he kindly permits us to give to the public through the columns of the *Enquirer*.

Washington, Va., June 29, 1870.—Dear Sir: I am much obliged to you for the kind sentiments expressed towards me in your reply from the *Messenger and Advertiser*, of which you are editor, to the erroneous assertion of Harper's Weekly, respecting myself. Though it is difficult to learn the truth, the facts in the charge cited might, I think, have been easily ascertained, inasmuch as I never belonged to the military family of Gen. Scott, or served near his person, except when in Mexico, when I was attached to the general staff of the army in that country.

"Thanking you for the reputation of the charge and for your kind wishes, I am very respectfully, your obedient servant,"

R. E. LEE.

## REMARKS OF MR. MCKENZIE, in the House of Representatives, on the Segar election case:—

I am reminded by the course of debate on this case very much of the old gentleman who had some friends to dine with him, and when the time came to say grace he requested that it might be very brief, as the time for dinner was limited. [Laughter.] I am exceedingly desirous that my friend Segar should obtain his seat here. I think that Congress should approve the constitution of that State, that it should be taken up by the Representative at large. But that has been so well argued by the gentleman from Ohio (Mr. Bingham) that I will not endeavor to add anything to what he has said.

I think it is due to Joseph Segar that this House should admit him to a seat upon this floor. He is an old line Whig, and has always been a Union man. He stood by me in the General Assembly of Virginia when it required something like a man to stand square up to his own opinions of loyalty and duty. I think the argument of the gentleman from Ohio (Mr. Bingham) is conclusive, and I should be ashamed to repeat what has been so well said by him. I have been here long enough to learn that the acts of the Congress of the United States are not like the laws of the States and Territories, but that they are sometimes changed; and if any gentleman on this floor has any constitutional doubt upon this matter, I can see very good reason why he should give it to the person claiming this seat. He has been elected by a majority of eighteen thousand. He went through the canvass gallantly. He has suffered greatly for the Union cause. I hope the House will do him justice by admitting him to a seat.

CONGRESS.—In the Senate, yesterday, the bill establishing new post routes was passed. A bill to pay \$100 bounty to volunteers who have not heretofore received any, was introduced and passed over. Mr. Sumner offered a resolution of inquiry into the treatment of the colored cadet, J. W. Smith, at West Point, but it went over on account of objection. Mr. Wilson introduced a bill to restore Col. James Belger to his rank in the army, which was referred to the Committee on Military Affairs. The credentials of Mr. Hamilton, re-elected Senator from Texas, were presented. The bill to pay Mrs. Lincoln a pension was called up, but without acting on it the Senate went into Executive session. At the evening session the Deficiency Appropriation bill was passed.

In the House of Representatives, Mr. Butler's resolution, constituting the Visitors to the West Point Academy appointed by the House, a committee to inquire into the treatment of the colored cadet, was passed. The House refused to take up the bill providing for a uniform time of election of Representatives, and proceeded to the Sundry Civil Appropriation bill, and a committee of conference was appointed on the Army Appropriation bill. The conference reports on the Tax and Tariff bill and the Funding bill were adopted, and both await only the signature of the President to become laws. Mr. Maynard denied that there was any intention to introduce a bill increasing the tax on whiskey. Mr. Farnsworth introduced a general amnesty bill, which was rejected. The House refused to take up the Southern Pacific Railroad bill.

WASHINGTON ITEMS.—In the case of Binnix vs. the Washington and Georgetown Railroad Company, in which action was brought for the recovery of six cents, paid under protest by plaintiff, who had been given a torn half of a transfer check by a conductor, which another conductor refused to accept, the president and directors of the road appeared before Justice Clark and paid the six cents and \$15 costs.

There is talk of the appointment of John M. Langston for Associate Justice of the Supreme Court of the District of Columbia, in case Mr. Oliver is rejected. Langston is the colored law professor of Howard University.

It is stated that Rev. B. A. Maguire, president of Georgetown College, will be transferred to St. Albans Church, and his place supplied in the college by Rev. Father Farly, now president of Loyola College, in Baltimore. Father Farly's place to be supplied by Father Stone, street, now pastor of St. Aloisius.
